## LURLINE TAKING GREAT NORTHERN FEW PASSENGERS HERE

Because the Lurline, Capt. J. W. Jett, leaving this port at 6 o'clock tonight, will tow the Matson steamer Enterprise to San Francisco to-day, making her time at least three days longer than she had planned, the passengers who were booked here for the Lurline have cancelled their reservations.

Castle & Cooke's shipping department said at noon yesterday the Lurline would take out to sea, and the number of steerage passengers to San Francisco via Hilo. There were 40 cabin booked before it was decided by the Matson Navigation Company to move the Lurline to the other Matson boat to the convenience of the passengers, who are partially disabled, owing to a cracked tail shaft as reported by the Star-Bulletin Saturday. Passengers cancelling will leave on the ship or the Great Northern. The Sonoma has taken care of quite a number of them.

Fright journey. The Great Northern's line will be capacity, including 628 tons of sugar, 1200 tons of molasses, 3000 bunches of bananas and other miscellaneous cargo. The Lurline will steam from Hilo at noon tomorrow, arriving in San Francisco at 10 a.m. on the 18th. The Sonoma has taken care of quite a number of them.

## WILHELMINA TO ARRIVE IN P. M.

Weather was bad, bad weather, probably because suddenly winds reached the Great Northern experienced Saturday, the day before she reached Hilo. The Matson liner Wilhelmina, Capt. F. M. Edwards, wire-leased in today to Castle & Cooke that she would arrive at 10 a.m. on the 12th, instead of 2 o'clock tomorrow afternoon, instead of 6:30 a.m. her scheduled time.

No mention of the kind of weather the Matson liner is meeting is made by Captain Edwards, who is making his first trip as master of the Wilhelmina since his step-up from the Manzo.

The Wilhelmina has on board 86 cabin and 18 steerage passengers, 86 packages of express matter, 482 bags of mail, 6 automobiles and 2775 tons of cargo for Honolulu. At Hilo she has 290 tons. The liner will dock at Pier 15, work of discharging her will be pushed day and night, so she can steam for Hilo on time at 5 o'clock Thursday afternoon.

## ONE PROPELLER LOST BY SONOMA

Marine mishaps seem to be coming in bunches these days. The Inter-Island steamer Mikihiko broke her tall shaft, the Matson liner Sonoma dropped her starboard propeller wires, and today the Oceanic liner Sonoma reported by wireless that she had dropped her starboard propeller at 2 o'clock Sunday afternoon.

According to Capt. J. H. Cook, the Sonoma did not give any details of the accident, which is delaying the steamer so that she will not arrive off port from Sydney before 11 o'clock tomorrow morning, to dock about noon or 12:30 p.m. Pier 6.

As regards the Sonoma docks a diver will descend to ascertain the extent of the damage done the liner. If any, by losing the propeller, the Sonoma is a twin-screw steamer, and therefore is making fairly good time with two propellers.

The local Oceanic agency, C. Brewer & Company, expects the Sonoma will be able to resume her voyage and sail for San Francisco at 5 o'clock tomorrow afternoon as soon as the diver's examination shows it advisable to put the boat on dry dock.

## Dissipated Dollars

"If I had all the money I've spent in—!" How often have you heard that phrase? If it weren't for those "dissipated dollars" we'd all be rich—perhaps.

It's an interesting experiment to eliminate one of those petty extravagances and put the money into a savings account, where it at once begins earning 4 per cent interest; to add to it regularly by other small savings and watch the fund grow. Certainly the experiment is well worth while in these days of sky-high prices.

We pay 4 per cent interest on time deposits
